

Dear

To anyone interested in the Sabinsky family - before and now.
A little late GOOD NEW YEAR!

For information, I have revised my mailing list for people in the Sabinsky family and others interested in the family.

In the mailing list, several people have more than one email address.

It's fine for me if you want mail sent to multiple email addresses.

Maybe one or more people have been given a new email address?

As I would like to keep this list updated, if you get too many emails, please contact me so that it can be fixed.

If you believe that one or more of them could benefit from the many information we have about the family, please write so that the person (s) can be added to the mailing list.

Also, please contact me if you do not wish to receive family information in the future.

In connection with the Personal Data Act, the newsletters will in future be sent via Word and Outlook.

This will be easier for me - and you will not see each other's email addresses as prescribed by the rules.

2019 was a lean year, in the context of new family information.

<<< Here in 2020, info about our charismatic Niels Juel Willy Sabinsky

has come, and thank you for that.

Can you contribute information pictures, and more, you can write to the undersigned.

Everything can be pretty much used, so write !!

In mid-March, we will again have to pay around DKK 800 to have the family's website www.sabinsky.dk

As in previous years, I will contact you when it comes to collecting money.

With love
moderator

Erik Sabinsky
